Experience

Castix Studio

Concept Artist & Illustrator Intern

Dallas, TX (Remote)

January 2024 – Current

- Created 3 creature concept art by transforming animals into monstrous counterparts, incorporating cultural and elemental influences for a highly unique visual identity within a medieval fantasy game
- Designed 12 magical staff weapons, across 3 distinct thematic categories, contributing to the game's rich world-building
- Illustrated detailed character portraits for various fantasy races consistent to the game's aesthetic
- Collaborated closely with the Art Director while maintaining creative control over all projects, ensuring artistic vision aligned with the game's overall style
- Led the creative process from ideation to final rendering, including sketching, pose and anatomy research, colorization, and final presentation

UConn Digital Media and Design Department

Media Cage Technician

Storrs, CT

September 2022 – Current

- Manages and catalogs equipment, ensuring they are maintained and readily available
- Assists students and professors in renting studio equipment and rooms

UConn Electrical and Computer Engineering Department

Contracted Creative Development

Storrs, CT

April 2024 – May 2024

- Led art development and direction of the space habitation visuals for NASA-associated presentation
- Created concept art and 3D assets for space habitation stills and animation in Cinema4D

Extracurricular

Computer Graphics Club
